Choosing from the Signature Collection means investing in flooring that has proven its timeless appeal—not only through unmatched durability but also enduring style.

PURE PRICING, PURE QUALITY

It's a new era for multi-level projects. All of the designs in the Foundations collection are available in GlueDown and Floating formats. The Foundations collection also features a wide variety of moldings and stair treads to give your projects a cohesive and polished style.

Everything Needed for Any Project

EXACT-MATCH MOLDINGS

We are proud to provide robustly built, exact-match moldings and stair-finishing options for all of our Floating Floor lines. While other manufacturers only offer “coordinated” colors, our moldings blend perfectly.

NO SUBFLOOR IS TOO TRICKY

No matter what your project needs, the versatile variety of adhesives found in our Urban Essentials line has it covered with hard-set and firm-set adhesives, integrated priming, encapsulation, moisture protection, and more.

- Everlast Hard-Set Adhesive provides immediate post-install access for light traffic so spaces stay occupied.
