Exactly What Your Project Needs

TRUE TO ITS NAME

Everlast is here to stay with its heavy-duty, hard-set bond that handles both light-traffic and commercial applications with heavy rolling loads.

- Everlast Hard-Set Adhesive provides immediate post-install access for light traffic so spaces stay occupied.

TRILOGY LETS YOU DECIDE

Trilogy primes for an effective adhesive bond, setting the stage for Everlast to effectively and securely bond GlueDown Tiles to the subfloor.

- Provides encapsulation or up to 95% moisture protection (not simultaneously).
