

SOUND TESTING SCORE SHEET

We proudly feature the Westside Acoustics badge on our packaging. Regardless of which of our products you choose, when you see the Westside Acoustics badge, you can rest assured that you're getting an accurate sound rating. For even better sound-reduction scores, add one of our innovative FloorSilencer underlayments to your installation process.

NO NOISE IS GOOD NEWS

Noise is a significant challenge in multi-family homes, causing frustration for both property owners and tenants. That's why we design our products with sound control as a top priority. We have partnered with Westside Acoustics, a leader in the field that has invested millions of dollars and countless hours in scientific research dedicated to measuring and managing noise. This collaboration ensures our solutions are backed by the latest advancements in sound control technology.
