

The logo for Urban Surfaces, featuring the word "URBAN" in a large, bold, sans-serif font, with "SURFACES" in a smaller, all-caps, sans-serif font directly below it. The text is white and set against a black rectangular background.

URBAN
SURFACES

The background of the cover is a photograph of a city street at dusk. On the left, a tall, ornate steel bridge structure (the Manhattan Bridge) rises above the street. To the right are several multi-story brick buildings with many windows, some of which are lit up. The sky is a mix of orange, pink, and purple. A white horizontal bar is positioned at the bottom of the image, containing the text "MOLDINGS CATALOG" and a small vertical teal bar to its left.

TRANSITION MOLDINGS

Transition to Different Heights

Transition to the Same Height

T-Molding

Reducer

Slim Trim (SLT)

100% waterproof PVC. Highly wear-resistant, aluminum-oxide-enhanced (Al_2O_3) polyurethane coating. Transition with taste. Each of our moldings accounts for expansion gaps without abrupt and unprotected edges, while still giving you the beautiful look of the installed flooring.

For Matching Heights

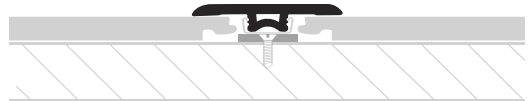

T-Molding

SKU: ###-TM

Bridges two surfaces of equal height. The low-profile look makes a beautiful transition.

Overall Length	94"
Overall Width	1 1/2"
Overall Height	5/16"

Available in Every Color of the Following Product Lines
